### Montana: Nov 11, 2021: Building Organizational & Community Resiliency in the New West, Half-day Virtual Meeting

Montana Watershed Coordinating Council and Future West will host a half-day virtual Peer-to-Peer exchange on November 11<sup>th</sup>. As we approach the end of 2021, our expectations about where we would be have been confronted with realities about where we actually are, requiring us all to adapt and respond again. Resiliency in the face of these changes is at the forefront of everyone's mind. Still, how to achieve it cannot be addressed without first understanding the factors impacting communities and organizations' ability to achieve their mission. At this event, leaders of local conservation organizations at different stages of organizational development and from different geographies will share their experiences and responses to the changes happening locally, regionally, nationally, and globally. **Register:** [https://us02web.zoom.us/meeting/register/tZAoceyprT8rH9E-k8B667-hbQ9P1fEGYuX9?mc\\_cid=740a0e735f&mc\\_eid=2275f3fe55](https://us02web.zoom.us/meeting/register/tZAoceyprT8rH9E-k8B667-hbQ9P1fEGYuX9?mc_cid=740a0e735f&mc_eid=2275f3fe55)

### 2021 Virtual Regional Exchange of Watershed, Conservation and Other Place-based Collaboratives across the Southwest

Led by Southwest Collaboratives Network. Open to collaboratives and their facilitators/coordinators, and support organizations from AZ, NM, southern UT, southern CO, and west TX.

Connect to and learn about collaboratives across the southwest. Identify individual and cross-cutting successes, challenges, what kind of support would be most useful moving forward. Build awareness, a sense of community and foster future peer-to-peer exchange.

**Register: Nov 15 ( 2 hours in p.m.) and Nov 16 (2 hours in a.m. & 2 hours in p.m.)**
