

September 19-21 in Paradise Valley, MT
Invitation for Event Sponsorship

What attendees said about *Confluence 2020*:

- *“The abundance of interaction through peer-to-peer learning and networking opportunities was a powerful way to build skills, connect with others, and create energy.”*
- *“WCCN has excellent membership and is an important convener.”*
- *“Confluence gave me hope and reinvigorated me for my work!”*

Collaborative conservation leads to more durable outcomes for landscapes, wildlife, and communities. [The Western Collaborative Conservation Network \(WCCN\)](#) connects hundreds of people and organizations from across the West to enhance the collective capacity to address complex environmental issues. To promote the essential partnership-building, shared learning, and problem-solving skills required for successful collaborative conservation, the WCCN is hosting **Confluence 2022**, a 3-day gathering in Paradise Valley, Montana September 19 to 21, 2022.

Goals of WCCN's Confluence 2022
CONNECT with practitioners and support organizations from across the West.
ENGAGE in peer-to-peer learning to enhance collaborative skills, explore innovation solutions, and share resources.
CATALYZE action around collaborative conservation issues through problem-solving sessions.

HOW YOUR SPONSORSHIP WILL HELP:

We attempt to keep registration costs low in order to serve a diverse community as is required to perform constructive collaborative conservation. We appreciate your financial contributions in order to provide:

- Discounted registration for practitioners from community-based groups
- Scholarships targeting under-represented individuals
- Support to a member of the Apsáalooke (Crow) Tribe to guide tribal engagement and commemoration of the Yellowstone National Park 150th anniversary
- Support to a small set of key individuals in Montana to ensure Confluence 2022 attendees experience the full richness of collaborative conservation in the Paradise Valley
- Travel expenses and honoraria for experts to ensure high-quality programming around the history and future of collaborative conservation, water in the West, and cross-cultural collaboration
- Transportation for field trips in Paradise Valley to learn from collaborative conservation in action

Thank you to our Confluence 2020 sponsors: *The US Fish and Wildlife Service, The Nature Conservancy, Alper Family Foundation, Gates Family Foundation, Colorado State University's Salazar Center, Intermountain West Joint Venture, Wilburforce Foundation, LandCAN, Mighty Arrow Family Foundation, Keneda Fund, Colorado State University's Warner College of Natural Resources and Center for Collaborative Conservation, National Forest Foundation, & Partnerscapes.*

Event Sponsorship:

As a *Confluence 2022* sponsor, you will be recognized for your commitment to the West's landscapes and communities and as a partner in collaboration. Your organization will be generously recognized before, during, and after the *Confluence 2022* event. If you would like to sponsor one of the specific components mentioned above, please let us know. Additionally, sponsors will receive the benefits listed below:
